SUGGESTED GUIDELINES FOR THE COSTUME INDUSTRY
TO HELP PREVENT THE SPREAD OF COVID-19
DURING FITTINGS

TABLE OF CONTENTS

INTRODUCTION

I COVID-19 PREVENTION PLAN

II VENTILATION AND WORK SPACE IN THE WORK ENVIRONMENT
   A. Ventilation
      Guidance for Reopening Buildings After Prolonged Shutdown link
      1. Type of ventilation
      2. Negotiate with building managers, operators, employers
   B. Recirculating Ventilation Systems
      1. Air exchanges
      2. Grade of filter
      3. Percentage of fresh air introduced
   C. Natural Ventilation
      1. Windows and insulation
      2. Portable air filters
   D. Industrial Ventilation (Shops)
      1. Floor plans and specifications
      2. Standards of American Conf. of Gov. Industrial Hygienists (ACGIH)
   E. Work Space
   F. Air Turbulence
   G. Legionnaires’ Disease and Mold

III COSTUME STAFF AND ACTORS
   A. Staff
   B. Testing & Screening Staff & Actors
      1. Testing
      2. Screening
         CDC Seasonal Flu Vaccine link
         CDC Covid-19 info link
      3. Recording
      4. Symptomatic person’s actions
   C. Required Hygiene Etiquette for Actors
   D. Personal Protective Equipment (PPE) Hand Hygiene Stations, Training,
      1. Storage of PPE
      2. Hand hygiene stations
         Methanol, 1-propanol in sanitizer warning
      3. Donning & Doffing links
   E. Masking
      1. Cloth and Paper Masks and Face Coverings
2. Surgical Masks
3. Wearing Masks
   *CDC Washing Cloth Face Coverings link*
4. N95 Particulate Respirators
5. Reusing N95 Respirators
   *CDC/NIOSH Guidance for Limited Reuse of N95 Masks link*
   *CDC Reuse of N95 Masks after Decontamination link*
   *3M Decontaminating N95 Respirators- Considerations link*

F. Cleaning of Hands
G. Donning of Gowns
H. Gloves
I. Eye Protection

IV FITTINGS AND FITTING ROOMS/SPACES
A. Fitting Rooms/Space
B. Minimizing number of Staff in Fitting, and number of Fittings
C. Maintaining Records
D. Completion of Fitting

V CLOTHING & COSTUMES IN THE FITTING
A. Actor’s Clothing and Belongings
B. Costumes, Crafts, Wigs, Accessories, Shoes
   1. Tagging
   2. Contamination
   3. Post Fitting Clothing
   4. Dressing Room

VI WARDROBE, WIG & SOUND DEPARTMENTS
A. PPE and Hygiene
B. Procedures
   1. Wardrobe
   2. Wigs
      *EPA Pesticide Registration List/Disinfectant Use link*
   3. Sound

VII EQUIPMENT
A. During Fittings
B. After Each Fitting
C. At the end of each day
D. Devices Not Proven to be Effective in Killing Sars-CoV-2
E. EPA N List of Disinfectants Effective Against Covid19:
   *EPA Pesticide registration list/disinfectant use link*

VIII ENVIRONMENTAL CLEANING & DISINFECTION
   *CDC -Reopening Guidance for Cleaning and Disinfecting Public Spaces, Workplaces, Businesses, Schools, and Homes link*
A. Cleaning and Disinfection Definitions
   1. Cleaning
   2. Disinfection
B. Cleaning Procedures
   1. Surfaces
   2. Floors and Carpets
   3. Bathrooms
C. Disinfectants
   *EPA Pesticide registration list/disinfectant use link*
D. UV-C Lights on Environmental Surfaces Enhances Killing of Microorganisms
E. Other Devices Claiming to Kill SARS-CoV-2
